Professional Summary

Results-oriented Agricultural Specialist with a strong educational background and practical experience in genetics, plant breeding, and nanotechnology. Currently pursuing a Master of Science in Agriculture with a focus on advancing sustainable agricultural practices. Possesses exceptional adaptability, creativity, and analytical skills honed through a diverse range of academic projects and professional experiences. Demonstrated ability to excel in various agricultural settings, from rural fieldwork to innovative research initiatives. Skilled in leveraging technology, including advanced Excel proficiency, to optimize farm operations and data analysis. Proven track record of continuous learning and skill development through participation in industry conferences, webinars, and certification programs. Committed to contributing positively to agricultural development while continuously expanding knowledge and expertise in the field.

Professional Experience

Internship

- Internship in Nanotechnology- Sangene Biotech (November 2023- December 2023)

Personal Projects

- Master's research title- The potential of sodium azide to create variability in four elite genotypes of groundnut (*Arachis hypogea* L.) August 2024
- Deendayal Research Institute Udymita Vidyapith Chitrakoot AIA (Agro-Industrial Attachment) September 2021
- KVK (Krishi Vigyan Kendra) MAJHGAWA July 2021 - December 2021
- RAWE- Rural agriculture work experience

Publications

- Research Paper - The potential of sodium azide in the creation of stable variations among M3 mutants of groundnut (*Arachis hypogea* L.) – Published in Plant Archives
DOI Url : <https://doi.org/10.51470/PLANTARCHIVES.2025.v25.supplement-1.101>

Achievements

- Thakur Saheb Bachchharaj Singh Ji Rathore Gold medal Award (Overall 1st rank in all courses)- ITM University Gwalior
- Gold Medalist -Master of science in Agriculture (GPB)- ITM University Gwalior
- Chancellors' Scholarship – ITM University Gwalior
- Chancellors' Scholarship – AKS University Satna
- Medhavi scholarship by Indian government

Certificates

- Indian institute of remote sensing, Dehradun
- Role of ict in rural sector during covid-19 pandemic & dissemination of extension advisory services through mobile applications during covid-19 pandemic, AKS University, Satna
- E-chaupal on strengthening agriculture extension and advisory system, AKS University, Satna
- Tcs ion career edge- young professional course, Tata consultancy services
- Thermo Fisher Scientific- Food Safety and Standards Authority of India
- Advancements in food processing and nanotechnology, Alison
- Advanced Excel course with TNX

- Excel Skills Virtual Experience Program by J.P.Morgan Chase and Co.

Conferences and Webinars

- National Conference on Biotechnology and sustainable agriculture in doubling of farmers income by 2020, AKS University, Satna
- National webinar on multilayer farming system, AKS University, Satna
- National webinar on agribusiness opportunity for micro industry and youth of Madhya Pradesh, AKS University, Satna
- Live Workshop on Supercharge Excel Course by Skill Nation
- International Conference on Technology, Innovation and Management for Sustainable Development 2023, ITM University, Gwalior

Education

- Masters of Science (Agriculture) in Genetics and Plant Breeding, Gold Medalist
ITM University, Gwalior (2022-2024)
Cgpa: 9.74
- Bachelor of Science in Agriculture (Honours), AKS University, Satna (2018-2022)
Percentage: 83
- Senior Secondary CBSE, D.A.V. Public School, Chirimiri (2018)
Percentage: 85.4
- Matriculation CBSE, D.A.V. Public School, Chirimiri (2016)
Cgpa: 9.4

Skills

Soft Skills

- Project Plans and Management
- Effective communication skills
- Adept
- Innovativeness and originality
- Observant
- Good analytical & logical skills
- Diligent
- Result oriented

Technical Skills

- Agricultural
- MS Office: Word, Excel, PowerPoint
- Prompt Engineering
- Plant Breeding
- Technical writing
- Research Skills
- Statistical Data Analysis
