TECHNICAL SKILLS

- **Programming Languages:** C, C++, Python, Java, SQL
- **Web Technologies:** HTML, CSS, JavaScript, PHP
- **Databases:** MySQL, Oracle, MongoDB
- **Data Science & ML Tools:** Pandas, NumPy, Scikit-learn, Matplotlib, Jupyter Notebook
- **Software & Tools:** Git/GitHub, Power BI, MS Excel, MATLAB
- **Networking & Systems:** Computer Networks, Operating Systems, Cloud Fundamentals (AWS basics)
- **Other Skills:** Data Structures & Algorithms (DSA), DBMS, Software Engineering, Internet of Things (IoT), Cyber Security Fundamentals

SOFT SKILLS

- Leadership
- Team Collaboration
- Problem-Solving
- Adaptability
- Communication
- Decision-Making

PROFESSIONAL SUMMARY

Skilled Assistant Professor with 4+ years of experience in teaching Computer Science subjects across undergraduate and postgraduate programs. Proficient in programming (C, C++, Python), computer networks, databases, and emerging technologies. Experienced in lab management, curriculum development, and mentoring students. Known for delivering practical, engaging lessons and actively contributing to academic, research, and examination duties.

EXPERIENCE

Currently Working as an **Assistant Professor** for Computer science. (01-08-2025 to till date)
CSMU University at Panvel Navi Mumbai. (C.H.B at Chhatrapati Shivaji Maharaj University Panvel.)

Worked for 1 year as an **Assistant Professor** for Computer science. (01-07-2024 to 07-07-2025)
Arham College of Management and I.T. (C.H.B at Arham College of Arts, Science and Commerce.)

Worked for 1 year as Computer Science teacher. From 1st July 2023 to 2024.
Sri Chaitanya Techno School Commerce and Science & School.

Worked for 2 year as Computer Science teacher. From 1st July 2021 to 2023.
MUH jain Global School Commerce and Science & School.

INTERNSHIP

- **Data Analyst Consultant – RUBIXE AI SOLUTIONS – (from 20-12-2024 to 20-05-2025)**
- Working on Business Intelligence (BI) projects using Power BI and Tableau.
- Analyzing large datasets and creating interactive dashboards for decision-making.
- Developing SQL queries for data extraction, transformation, and reporting.
- Utilizing Python (Pandas, Matplotlib) for data cleaning and visualization.

- **Teacher Assistant (Internship) | 2022 – 2023 Coding Ninjas, Tohana, India**
- Assisted senior instructors in delivering lectures and coding sessions.
 - Helped students with debugging, assignments, and project work in programming (C++, Python, DSA).
 - Conducted doubt-solving sessions and provided academic support to learners.
 - Gained hands-on experience in mentoring and classroom/lab management.

PROJECTS

- **Title: Purchase Pattern Analytics | Analysis | RUBIXE AI SOLUTIONS – April 2025 – May 2025**
- Performed EDA to identify missing values, outliers, and key purchase trends; cleaned and transformed data for analysis.
 - Built visualizations to display item frequency, association rules, and product relationships using Python and Matplotlib.
 - Delivered actionable insights to support sales strategies and improve customer experience through targeted recommendations.
 - **Technologies Used: Python (Pandas, Matplotlib, Seaborn), SQL**
 - **Accuracy Rate: 97 %**
- **Title: Medical Data History Analysis | RUBIXE AI SOLUTIONS – March 2025 – April 2025**
- Analyzed real-world healthcare data using 30+ SQL queries across patients, admissions, and doctors’ tables.
 - Performed **data cleaning, aggregation, and filtering** to derive insights on patient demographics, diagnoses, and admission trends.
 - Implemented BMI calculation, NULL handling, and data grouping for reporting.
 - Technology Used: SQL (PostgreSQL), Advance Excel
 - **Accuracy Rate: 97 %**
- **Title: Job Market Analysis Dashboard | RUBIXE AI SOLUTIONS – February 2025 – March 2025**
- Created an **interactive dashboard** for job market trends using **Power BI**.
 - Analyzed **salary insights, job locations, and industry demand** using **SQL and Python**.
 - **Technology Used: Power BI, SQL, Python (Pandas, Matplotlib), Excel**
 - **Accuracy Rate: 98 %**

EDUCATION

- Himalayan University Itanagar, Uttarakhand – Masters of Computer Science – CGPA 75 % August 2024
- Himalayan University Itanagar, Uttarakhand – Post Graduation Diploma in Computer Science – CGPA 75 % June 2023
- IG Govt. Pg College Tohana | Bachelor of Commerce| CDLU University – CGPA 61% September 2022

CERTIFICATES

• Certified Data Scientist (NASSCOM)	• Data Structure in C++
• Certified Data Analyst (DATAMITES)	• Introduction to C
• IABAC Data analyst	• Introduction to Database Management System
• Completion of Python Bootcamp	• ChatGPT Master: Complete OpenAI ChatGPT Course
• NIDS Computer Course	
• Certified Data Analyst	

EXTERA ACTIVITY

- Attended teacher training Program at Audyogik Tantra Shikshan Sanstha
- Worked as the external Paper Setter for UG/PG at Abeda Inamdar Senior College and also as paper Chacker, Moderator.
- Attended as external examiner at Genba Sopanarao Moze Arts, Commerce and Science.
- Worked as exam incharge at Arham College of Management and Information Technology.
