

Curriculum Vitae

Dr. Arvind Kumar

Ph.D. (Agriculture) in Plant Pathology

Profile

I have completed my Ph.D. (Ag.) in Plant Pathology and am passionate to attaining outstanding outcomes while focusing meticulously on every tiny detail. I have neatness for teaching and truly enjoy sharing knowledge to others. I am flexible and adaptable, collaborating effectively with teams, and my solid work ethic and dedication to ongoing learning are widely acknowledged. I utilize technology to drive success and achieve great results.

Details

Address:

Vill Umri Ahra, Dist. Basti, Uttar Pradesh, 272170

Mob. 9569526310

Email:

arvindkumarak638419@gmail.com

ORCID

<https://orcid.org/0009-0004-0529-0657>

ResearchGate

<https://www.researchgate.net/profile/Arvind-Kumar-277>

Educational Qualification:

- **Ph.D. (Agriculture) in Plant Pathology.** O.G.P.A- 8.529
- **Banda University of Agriculture and Technology, Banda, Uttar Pradesh, India.**
- 28/12/2020 – 30/12/2023.
- **Thesis Title:** “Incidence and variability of *Sclerotium rolfsii* causing collar rot of chickpea (*Cicer arietinum* L.).”

- **M.Sc. (Agriculture) in Plant Pathology.** O.G.P.A- 8.144
- **Banda University of Agriculture and Technology, Uttar Pradesh Banda, Uttar Pradesh, India.**
- 04/08/2018 – 17/11/2020.
- **Thesis Title:** “Integrated Management of Collar rot of Chickpea”

- **B.Sc. (Hons.) in Agriculture.** O.G.P.A- 8.089
- **Acharya Narendra Deva University of Agriculture and Technology, Kumarganj, Ayodhya, Uttar Pradesh, India.**
- 07/2014-16/06/2018

- **Intermediate 12th** 05/06/2013 **Percentage-75.9**
- **Subject- Agriculture.**
- **Govt. Inter College, Basti, Uttar Pradesh, India.**

- **High School 10th** 10/06/2011. **Percentage-59.3**
- **Subject- Science.**
- **Govt. Inter College, Basti, Uttar Pradesh, India.**

Strengths:

- My strength is that I am a person who continually seeks to improve. I constantly seek to better myself. I can quickly adjust to new environments along with this I am friendly, self motivated, team work and honest towards my work.

Teaching Experience

- **1 year 6 month teaching experience as a Assistant Professor**
- Course taught by me- Plant Pathology, Agriculture Microbiology, Entomology

Other work

- Lab incharge Plant pathology, NAAC work, Prepare course file, Exam Co-coordinator
- Other Achievement- **Develop a Herbal garden**

Research Experience:

Plant Pathological Techniques:

- Have knowledge about Detection and diagnosis of Plant Pathogenic disease
- Have knowledge about Ooze test in Plant Pathogenic bacteria
- Fungal isolation of Plant pathogen from infected plant
- Collected and recorded Data on disease incidence, percent disease inhibition etc. in field and lab trial

Statistical Analysis:

Proficient in online statistical analysis tools (OPSTAT).

Computer Skill:

- MS- Word
- MS- Power Point
- MS-Excel
- **Course on Computer Concept (CCC)** National Institute of Electronics & Information Technology

Research Manuscript Writing:

- Skilled in writing Research Manuscripts, Articles, Book Chapters, and Conference Abstracts.

Rural Agricultural Work Experience. (R.A.W.E)

- During B.Sc.(Hons.) 7th Semester, Narendra Deva University of Agriculture and Technology, Kumarganj, Ayodhya.
- 6 months (180 Days) of working experience certificate for studying various farming problems and farmers' socio-economic conditions. **From 15.07.2017 to 10.01.2018.**

Awards:

- **Best M.Sc. Thesis Award** on the occasion of International Web Conference on Innovative and Current Advances in Agriculture & Allied Sciences 19-21 July 2021 by Society for Scientific Development in Agriculture and Technology.

- **Best Oral Presentation Award** on occasion of International conference on Holistic Innovations and Technological Advances for Sustainable Agriculture 04- 06 March 2024 at S R University Warangal.
- **Young Plant Pathologist Award** on occasion of International conference on Holistic Innovations and Technological Advances for Sustainable Agriculture 04- 06 March 2024 at S R University Warangal.
- **Best Poster Presentation Award** and secured second position on the occasion of National conference on Challenges and Remedies for Health oriented Agriculture. 7-8 Nov. 2026 at Amar singh college Bulandshahr, U.P.

Publications:

Research Papers:

1. **Arvind Kumar**, Vivek Singh, Harshita, and Girijesh Kumar Jaisval (2025) Combined Application of Bio-agents and Novel Fungicides for Management of Collar Rot of Chickpea. **Legume Research- An International Journal** Volume 48 Issue 4: 664-673.
2. **Arvind Kumar**, Virendra Kumar Singh, Vivek Singh, Rishi Nath Pandey and Girijesh Kumar Jaisval Occurrence and distribution of collar rot of chickpea in Bundelkhand region of Uttar Pradesh *The Pharma Innovation Journal* (2023); 12(5): 1927-1932.
3. Vivek Singh, V.K. Singh, Himanshu Kumar Gupta, **Arvind Kumar**, Saurabh Singh and Brijrajsharan Tiwari. Incidence of *Fusarium oxysporum* f.sp. *udum* on Pigeonpea in Bundelkhand Region, India. **International Journal of Environment and Climate Change** (2023); vol. 13, no. 12, pp. 290-296

Conferences /POSTER /ORAL PERSENTATION:

1. Evaluation of novel fungicides against *Sclerotium rolfsii* causing chickpea collar rot in International Web Conference on Innovative and Current Advances in Agriculture & Allied Sciences 19-21 July 2021

2. Integrated management of collar rot of chickpea in the International Conference by **Indian Phytopathology Society**, Plant Pathology: Retrospect and Prospects, SKN Agriculture University, Jobner, Rajasthan 23-26 March 2022

3. Studies on survey of wilt of Pigeonpea in major growing area of Bundelkhand region of uttar pradesh inthe DST-SERB sponsored National Symposium on “Crop Health Management: Safeguarding Crop through Diagnostics and Innovations” 29-30 Sep. 2023 at **ICAR-VPKAS, Almora**.

4. Study of effect of soil types on incidence of Collar rot of Chickpea. **Indian**

Phytopathological Society National Conference Plant Health for Food Security: Threats and Promise. 1-3 feb2024 at IISR Lucknow.

5. Efficacy of biocontrol agents against collar rot of chickpea under invitro conditions. International conference on Holistic Innovations and Technological Advances for Sustainable Agriculture 04-06 March 2024 at S R University Warangal.

6. Morphological variability of different isolates of *Sclerotium rolfsii* causing collar rot of chickpea. National conference on Challenges and Remedies for Health oriented Agriculture. 7-8 Nov. 2026 at Amar singh college Bulandshahr, U.P.

ABSTRACT PUBLISHED:

11. Arvind Kumar, V.K. Singh and Rajnessh Kumar Awasthi on Morphological variability of different isolates of *Sclerotium rolfsii* causing collar rot of chickpea. National conference on Challenges and Remedies for Health oriented Agriculture. 7-8 Nov. 2026 at Amar singh college Bulandshahr, U.P.

Training Program/workshop:

1. Actively participated in training programme entitled ***Trichoderma* production and its uses**, organized by Department of Plant Pathology, Chandra Shekhar azad University of Agriculture and Technology, Kanpur 03-08 February 2020

2. One month International Training cum certificate course on “**Precision Agriculture: Farming with new Perspectives**” Organized by CSJM University Kanpur, ICAR ATARI Kanpur from 15 May to 13 June 2023

3. Participated in training programme on “**Role of Plant Tissue Culture to Enhances the Entrepreneurial Skill among rural/ semi Urban Youth**” Sponsored by Rashtriya Krishi Vikas Yojana (RKVY) and held at College of Forestry, Banda University of Agriculture & Technology, Banda during August 02-08, 2021.
