

Name: Ayush Pathak
Email: ayushpathak2010@gmail.com
Phone: (+91)8172921230
Date of Birth: 25/05/2001
Present Address: Dadri Main Rd, Bhangel, Salarpur Khadar, Sector 102, Noida, Uttar Pradesh 201304

CAREER OBJECTIVE

To build a long-term profession as a teacher that will offer endless opportunities for career growth and to keep up with cutting-edge educational technologies.

ACADEMIC DETAILS

Examination/Degree	University	Institute	Year	%
PG Diploma in Drone Technology	U.P.B.T.E. Lucknow UP	Government Polytechnic Jhansi UP	2024	80.76
B. Tech (Mechanical)	A.K.T.U. Lucknow UP	S.R.G.I. Jhansi UP	2020	86.1
Diploma (Polytechnic)	U.P.B.T.E. Lucknow UP	S.R.G.I. Jhansi UP	2017	78.09
Matriculation	UP Board	B.D.G.S.U.M.I.C. Jhansi UP	2014	82.83

ACADEMIC PROJECTS

B.Tech. (Mechanical) Project

STREET STRIDER (Supervisor: Er. Shobhit Sharma) (2019 – 2020)

Street Strider is a mobile elliptical trainer. The Street Strider duplicates the motion of a stationary elliptical trainer in a mobile device. This is an outdoor and indoor elliptical cross trainer.

1. The street strider design is based on elliptical cross trainer/ Bicycles.
2. Elliptical technology has come to be known as a combination of mechanisms and design features, unique to elliptical cross trainers, which create a motion similar to the natural path the feet, legs and hips follow during actual motor activities such as walking or running.

Diploma in Mechanical (Polytechnic) Project

Hydraulic Turbine (Supervisor: Er. Niresh Kumar) (2016 - 2017).

- Hydraulic turbines are devices that convert the translational kinetic energy of water into the rotational kinetic energy of a turbine; this energy is then converted to electrical energy using a generator coupled to the turbine.
- The hydraulic turbine works on the principle of Newton's second law of motion. The hydraulic turbine blades are moved against the flow of water, causing the water's momentum to vary. As the momentum changes, a pressure force is created, which causes the turbine to rotate.

PROFESSIONAL / TEACHING EXPERIENCE (Internship/Training)

Lecturer at Maharishi University of Information Technology Noida UP (Role: Lecturer in Diploma / Polytechnic) (July, 2024- Now)

1. 2+ years of teaching experience.
2. Teach Mechanical Engineering Subjects.
3. The Subjects Teach like: -
Mechanics of Solids, Computer aided Design, Applied Mechanics, General Mechanical Engineering, Machine Design etc.
4. Handle labs like Workshop, Design etc.

Design Engineer at Yogya Equipments Pvt. Ltd. (Role: Design Engineer in Research and development department) (May, 2022- July 2023)

1. I was working as a mechanical design engineer.
2. Design and develop various types of transformer mountings and accessories.
3. In transformer I am design, redesign, develop, redevelop various transformer safety equipments by the use of CAD softwares like AutoCAD, PTC Creo.
4. In company I am design various transformer accessories like Breather, Oil level gauge, Buchholz Relay, Oil temperature indicator, Pressure gauge etc.

Lecturer at SR group of Institutions Jhansi UP (Role: Lecturer in Polytechnic) (Oct. 2020- May. 2022)

5. 2+ years of teaching experience.
6. Teach Mechanical Engineering Subjects.
7. The Subjects Teach like: -
Applied Physics, Mechanics of Solids,
Computer aided Design, Computer aided Manufacturing,
Applied Mechanics,
General Mechanical Engineering,
Machine Design etc.
8. Mentor Student and their progress report.
9. Test and Syllabus making responsibilities. Etc.

Professional Diploma in Mechanical CAD (Role: Training in CAD Desk India Pvt. Ltd.) (Nov. 2019)

1. **Certifications: Professional Diploma in Mechanical CAD Issued on ISO 9001:2015 by CAD Desk India Pvt. Ltd; Issued on Nov 2019; Reg. No. 2001/1139**
2. Software covered ANSYS workbench, AutoCAD Mechanical, Solid works.
3. Modelling, Drafting and Analysis.
4. Computer aided drafting and 3D modelling by the use of AutoCAD and Solid works.
5. Basic knowledge of ANSYS software.

Wagon Repair Workshop Jhansi N.C.RLY. (Role: Vocational Training) (June 2019 – July 2019)

1. **Certifications: Vocational training program Issued on Aug 2016 by Wagon Repair Workshop Jhansi N.C.RLY. S.No. 50**
2. Prepared project of Double Decker Train.
3. Study and knowing various types of Trains and their functions.
4. Test-case review and requirement formulation.

Wagon Repair Workshop Jhansi N.C.RLY. (Role: Vocational Training) (June 2016 – July 2016)

1. **Certifications: Vocational training program Issued on Aug 2016 by Wagon Repair Workshop Jhansi N.C.RLY. S.No. 0719**
2. Prepared project of Water turbine generator.
3. Study and knowing various types of Trains and their functions.
4. Test-case review and requirement formulation.

AWARDS/ACHIEVEMENTS

- Certificate of achievement for successfully completion of one day workshop on the **Geometric Dimensioning and Tolerancing in Design through Manufacturing** based on ASME Y 14.5-2009 organized by innovative design services at SRGI Jhansi UP.
- Certificate of participation for workshop on use of CAD technology in Mechanical industry at SRGI Jhansi UP.
- Certificate of participation for workshop on use of Solid works, 3D printer technology in Mechanical industry at SRGI Jhansi UP.
- Certificate of achievement for participation in Annual College Program (Panache) technical events like Altitude winner, The Mechanist and War of Machines.
- Secured First Position in University examination **First Class with Distinction** in B. Tech and Polytechnic.

TECHNICAL SKILLS:

- **AutoCAD:** Drafting, Modelling, Design etc.
- **Solid works:** Mechanical 3D modelling, Drafting etc.
- **PTC Creo:** Modelling, Drafting, Assembly etc.

FIELD OF INTEREST

- **Computer aided Design:** New Design, Adaptive design.
- Learn new things and modern technologies.
- Creative Learning.
